

AUTOMATIC HAND SANITIZER CONTROLLER

Note: Power Adapter and Pump are for illustration purpose only not including with controller.

Features:

1. Improved immunity against ambient light.
2. **Microcontroller Based system.**
3. **Controller Power Consumption 15mA to 50mA.**
4. Supply Voltage: 12/24VDC.
5. Output Voltage: 12/24VDC. (Wet Contact).
6. **Voltage Surge protection.**
7. Maximum Switching Current 5 to 7Amp.
8. Adjustable On-Time: **200 millisecond second to 3 Second.**
9. Adjustable sensing range: 5cm to 25cm.
10. Very Compact size 32mm x 60mm.
11. High Quality FR4 PCB which is **Flame retardant.**
12. Plug and Play type sensor assembly.
13. **ONE YEAR MANUFACTURER WARRANTY.**

AUTOMATIC HAND SANITIZER CONTROLLER

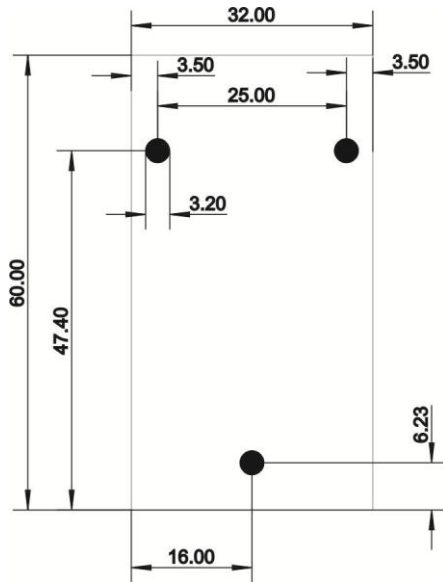

Dimension:

Controller Dimension: 32x60x20mm

Sensor Dimension: 16.5x29.5x12mm

STLPCBD113V1.0

STLPCBD114V1.0

Note: All dimensions are in mm.
